

1. JRadioButton

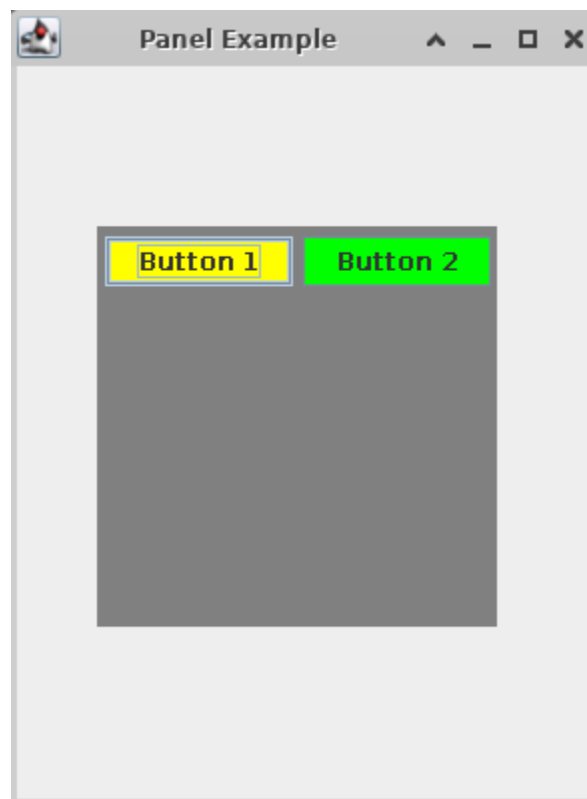

2. JCheckBox

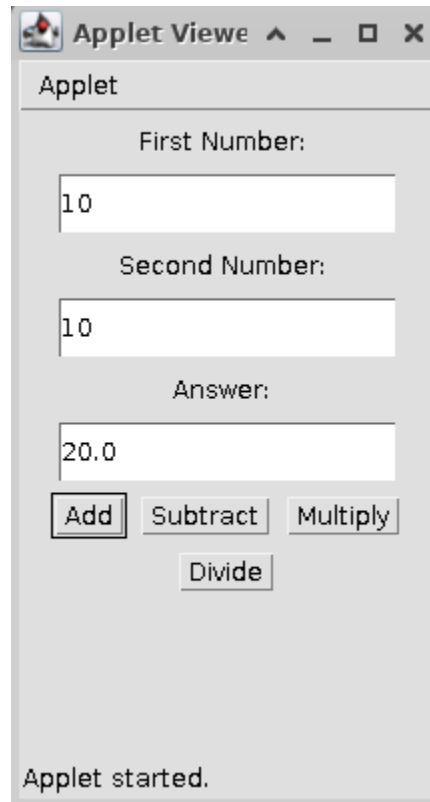

3. JList

4. JPanel

5. SimpleCalculator

The screenshot shows a Java Applet window titled "Applet Viewe". The applet has a title bar with standard window controls. The main content area is labeled "Applet" and contains the following elements:

- A label "First Number:" followed by a text input field containing the value "10".
- A label "Second Number:" followed by a text input field containing the value "10".
- A label "Answer:" followed by a text input field containing the value "20.0".
- Four buttons: "Add", "Subtract", "Multiply", and "Divide". The "Add" button is highlighted with a thick border.
- A status message at the bottom left: "Applet started."
